Office note continued.

The foregoing orders were communicated to the Comptroller, Mysore Govt. who in reply thereto, submits the original letter No 2118 dated 21st June 1901 from the officer in charge of the State Nuzur Treasury and invites reference to correspondence ending with Government Order No 8659 of the 27th May 1899 on the subject. In his letter referred to above, the State Nuzur Treasury officer reports that it is not his intention to retire Head Accountant of Bheemadeva Rao, till he completes his 60th year i.e, up to the end of January 1902; that he has nothing to say against his efficiency at present and that the Head Accountant is not willing to disconnect himself with

required careful consideration and might therefore lie over for the present was recorded

The points for consideration are

(1) the retention (in Service) of Head Accountant Bheema-sena Rao, till he completes his 60th year ie, up to the end of January 1902; &

(2) Whether the reorganization of the Treasury ~~proposed~~ should be sanctioned to take effect after the retirement of the Head Accountant Bheema-sena Rao, as proposed by the Treasury officer.

Submitted for orders.

To shew what more hands are needed, the State Assur Treasr Officer submits certain statements which taken one by one are as follow:

A) Statement of Returns submitted to the Comptr-

21 Statements are stated

to be additional ones.
It is not stated whether they are monthly or annual. Taking them to be monthly, to relate to transactions with the Presidency Banks at the rate of one statement for Credit and one for debit. In the Military Dept. the transactions with the Banks of Bengal & Bombay may be few. And the statements relating to the Military may be treated as one account under different readings.

b) Statement of Transfer Receipts. They may be less in one year & more in another - the figures for 1898-99 are less than in the previous year.

c) Amount of transaction - Receipts & payments - The transactions in 1898-99 were less than in 1897-98. It is not clear whether so much money was actually thrown in the treasy. or whether it includes amounts sent to the Madras Bank without breaking bulk.

D Specie & Currency Notes — remittance from Districts —

The figures are fluctuating. The specie remittance in 1897-8 was nearly 66 lacs. It was 54½ lacs in 1898-99 & 50½ in 1899-00. For 11 months in 1900-01 it is 61 lacs. It might be less next year. There has been no steady increase. This may be said in regard to currency notes also.

E. Do remittance to Districts.

In specie there is not much increase. In notes, it was less in 1899-00.

F. Small silver & Copper Coins —

The figures for each year have not been given separately. There may be special

Cause for the in-
-crease in 1899-01.
& such special
Causes may be
few & far between

/ For the purpose
of arranging the old
records & the heavy
work helping the
Accountant, a
new hand is proposed

H² Accountant Bhimasena Rao may be retained till he passes 60 years.

In estimating whether the Estt is sufficient for the work or not, it is difficult to judge by mere numbers of returns &c. If the cost to govt is not increased, I do not see why we should altogether set aside the recommendation of the Jr. Offr & the Comptroller. To convert progressive pay into fixed salary however does not seem to be a good principle & may be disallowed.

In place of the three additional men proposed, one Sarafa

on 15 Rs may be provided for, as there are two accounts on 15 Rs, one may be made 20 Rs & to make up for these increases, the Hd accountant may be made to get 80-8-120 - somewhat like the Head Clerk under a Dy Commr.

are made on pre-audited bills and all transfer transactions are brought to account under definite and distinct instructions issued from any office there appears to be no necessity for an Head Accountant on 100-10-130. The pay now proposed for the appointment viz: 70 R. I consider sufficient.

3. The Cash department of the Treasury now really Shorthanded and now unable to shroff the remittances to and from District without avoidable delay. The proposal provides for two extra hands.

4. The Records of the Treasury and of the Police pensions require better and systematic maintenance. The provision of an extra hand - an Assistant to the Record-keeper appears necessary.

(Through the Comptroller in Mysore)

Sir,

Pending the retirement of Bheemsain. Row, the Head Accountant, whose age is 59 years and 3 months, I have the honor to submit proposals for revising the scale of the Establishment of the State Huzur Treasury. At present the number of Officials in the Account Branch is 8 but I propose to increase the number to 9, as I find the work heavy and cannot be satisfactorily performed by the present Staff. The old records of the Treasury as well as those connected with Pollegars

Pollegars, require to be arranged properly, and for this purpose and for helping the Account Branch, an Official on Rs: 15/- per mensem with the designation of Accountant and Assistant Record-Keeper, is absolutely necessary.

2. The work in the Cash Branch is equally heavy. There are three Shroffs now, and another hand is required to enable me to Comply speedily with urgent and unforeseen demands for funds from Districts. The present Shroffs deserve to have their pay increased. A clerk on Rs: 15/- a month is also indispensable for the work of Comparing carefully the numbers of Currency Notes received daily in very large numbers from Taluks and District Treasuries and for maintaining the Registers prescribed therefor. Much to the prejudice of his legitimate duties an Official of the Stamp Superintendent's Office is deputed to do the work.

3. Mr. Veeraswami Moodaliar had also represented to Government that the Establish-ment needed revision, but the matter was

No. 590 + 591 of 31st Dec. 1898 from the State Huzur Secy to the Secretary to the Govt of Mysore Genl. + Rev: Dept Govt Pro: no: 5150 FL 570 30th January 1899.

was allowed to be kept in abeyance (Vide Correspondence noted in the margin and Copy enclosed) of letter No: 1172 dated 20th March 1899 to the address of the Comptroller about the Clerk for Currency notes. The temporary Record Keeper sanctioned in para 2 of Proceedings No: 13847-48 / G 3211 dated 16th February 1893, has not been entertained.

No: 1649 of 17th March 1899 from the State Huzur Treasury to the Secretary to the Govt of Mysore, — Genl: & Rev: Depts through the Comptroller in Mysore.

4. The present Scale was fixed in Government Proceedings No: 17303/G 4288 dated 15th April 1893, and the Statement given below shows the present and proposed Scale.

collect sanction, as there is no scope for promoting the deserving and hard-working officials of the Treasury in view to secure efficient and speedy work, especially in financial matters.

Had the Head Accountant and the Assistant Account not received their maximum within 3 and 2 years respectively and were allowed to get the same in five annual equal instalments as in the case of Cash Clerk and Head Shroff the minimum plus 3/4ths of the difference between the minimum & maximum pay would have been taken to calculation under Rule 57 of the Civil Account Code. According to this special valuation the average is bettered and comes to Rs. 426-8-0, or Rs. 3-8-0 less than the maximum disbursement. The cost of the proposed Scale is within the Budget Allotment.

The Comptroller,
Government of Mysore.

Sir,

With reference to your memo No: 935 Dated 13-6-01 forwarding Secretary's Docket No: 9895/R-3601 Dated 11th idem, I have the honor to submit that it is not my intention to retire Bheemsain Rao, Head accountant, till he completes his Sixtieth year, i.e. up to the end of January 1902. I have nothing to say against his efficiency at present, and he is not willing to ~ disconnect himself with service immediately. I submitted my proposal earlier, so that timely sanction be accorded to them by Government, to take effect

effect after his retirement, and that there may be sufficient time for the verification of Bhermasain Rao's services.

2. The accompanying statements will convince the Government that more hands are needed. Previously there were only 46 returns. Now they have increased by 21. The accounts and Ledgers are being posted up regularly at the end of each day; and the monthly and annual Returns are submitted to you before the due date. The work connected with the issue of Public Transfer Receipts and with Receipts granted, in duplicate, for Remittances received and payments made, is also heavy. The preparation of statements, monthly, of House-building advances, is an additional burden newly thrown on the account branch.

This has considerably interfered with the arranging of Records properly.

3. It will be seen from State-ments C, D, E, and F that the work turned out in the "Treasury Branch, is not easy and less important. Very heavy transactions take place both in respect of payments and receipts. The amount of cash (silver and copper) and currency notes, that pass through the hands of the Shroffs and the Treasurer is very great; and I had very great difficulty in Complying with the repeated Indents from Districts for the immediate and expeditious despatch of money. A Kind perusal of the Statement D, will bear me out that an official for examining and maintaining the Register of currency notes is absolutely necessary.

4. It has been impracticable to get through the work satisfactorily with the present establishment, and as you are personally aware of the state of affairs of this Treasury, which is also a Reserve Depôt, I shall not lengthen this report any further.

The Secretary's docket quoted above is herewith returned.
